AMENDMENT A

Sir:

This is in response to the office action dated April 21, 2005.

Amendments to the specification of this application begin on page 2.

Amendments to the claims of this application begin on page 3.

Remarks of this application amendment begin on page 5.

Please amend the specification of this application to as follows.

On page 4, line 11, please amend the paragraph as follows:

The device then provides a lifting and an aerial storage of motorcycles, especially. This device may also store and ~~lift~~ lift ATV's, lawn mowers, and other equipment. It is, therefore, the principal object of this invention to provide a pivoting boom upon which various types of vehicles and equipment may be temporarily mounted, such as a motorcycle, bicycle, or lawn mower, to provide for its elevating and storage.

On page 6, after line 5, please add the following paragraph as follows:

In FIG. 1, the treaded sleeve or nut 6b is shown mounted upon its threaded shaft 2 of the screw drive. And, FIG. 2 also shows the connection of a pivot pin 6a, at the front of the threaded sleeve.
